Instituto de Investigación Sanitaria

The program has been established to promote excellence in colorectal surgery in Europe. The successful candidate would spend one year working from the 1st October 2010 till the 30th of September 2011 with the Coloproctology Unit (Dr. Eduardo García-Granero) of the Department of General and Digestive Surgery, Hospital Clínico Universitario, Valencia, Spain lead by Dr. Joaquín Ortega.

The team has an international reputation for colorectal procedures and offers state of the art equipment in addition to a dedicated training facility.

The applicants should be members of the European Union and should already have finished their training in General Surgery. Applications should be presented no later than the 30th July 2010.

Activities to be carried out during the program: Clinical activities as a specialist doctor tutored by the staff from the unit, with a minimum number of procedures which the Subspecialist in Coloproctology scholar must perform, participation in the educational activities of the unit (courses and meetings), incorporation to the research projects, presentation of abstracts at the Reunión Anual de la Asociación Española de Coloproctología, Congreso/Reunión de la Asociación Española de Cirujanos, annual meeting of the ESCP and Participation in scientific publications.
